

REGION 4

COMMUNITY COLLABORATIVES

D·B·H·D·D

BE D·B·H·D·D

What is a Regional Community Collaborative?

It is a membership of stakeholders by invitation that minimally include our community providers, individuals with lived experience, and community partners (i.e., law enforcement partners, area hospital staff, non-profit organizations, local government, area businesses, faith-based organizations, educational institutions, professional organizations, associations and citizens) who share ideas, expertise and resources to meet the needs of their community and/or region. Collaboratives are facilitated by Regional team and directed by members of the collaborative.

Purpose of the Collaborative

The purpose of the regional collaborative is the same across all the field offices: To eliminate barriers to services and solution for gaps in the continuum at a community, regional and state level.

The Collaboratives ensure that participants are effective in:

- Communicating
- Educating partners
- Solution focused discussions
- Network/relationship building
- Resource sharing and development
